

Great comments after listening to our Altamont Concert songs:

1. Did you like our recording of the piece? Yes or No:

- Yes because we had good timing and the song sounded clear.
- I liked it because we sounded awesome! It was awesome because we all worked very hard.

3. What was something you liked about our recording?

- We did our absolute BEST!
- We sounded very smooth
- I liked that if you really listened you could hear all the different pieces.
- All the instruments blended together.
- I liked the last note of the song - we were together.

4. What was something you didn't like about our recording?

- That I really heard myself make mistakes.
- It sounded like in some spots we weren't landing our fingers on the tapes.

5. What would you do differently to improve your playing?

- Practice more at home
- Practice more

6. What would you advise the entire band/orchestra to do differently to improve our playing as a group?

- Always look at your fingers and concentrate on the song.
- Do the song in pieces, and then put it all together.
- All to practice more and to try your hardest when we are at lessons and at our rehearsals.
