

Dear Families,

Welcome to Hiawatha 7A! We are looking forward to meeting you and working with your child. We have compiled a list of materials that your student will need for all subject areas so that your student is prepared for the first day of school. Please make sure that all of your student's supplies are clearly labeled with their first & last name. If you have any of the supplies listed left-over from previous years, those are fine to use this year!
