Important Information

Labeling: Please write your name on each item. We'll spend some time during the first few days of school organizing supplies.

Backpacks: A backpack may be used to carry supplies to and from school, but it must be a size that can be easily stored in the locker during the day. Most backpacks with wheels will not fit in lockers.

Lockers: Seneca lockers have locks built into them. Students will be given a locker combination at the start of the school year, and we will work with them to master their lock.
